Sub-Assembly View

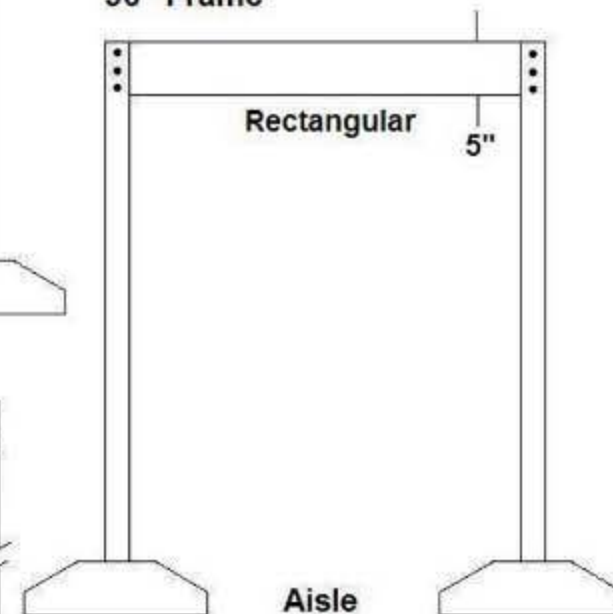

LBS will submit drawings for approval prior to production indicating size and recommended support patterns

LBS DESIGNER STRUT With Optional Lighting

84" and 90" Frame

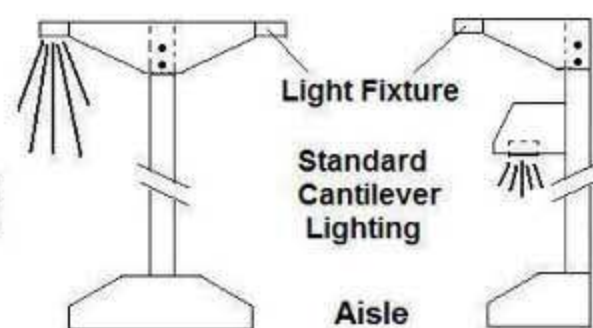

90" Frame

Designer Struts eliminates the need for floor anchoring and cut to size, drill mount as with standard overhead "box channels".
 Designer Struts are ordered as per aisle size and bolt in the same way as standard canopy gussets and offer a stylish alternative to frame support.

LBS- 38199-3	Designer Strut Rectangular Gusset -(Specify Aisle Size)
